## Education

2019-Ongoing	Master Industrial Ecology TU Delft / Leiden University Delft / Leiden (NL)
2017-2018	Master Product Design Strate School of Design, Paris (FR) Favorite graduation project
2015	Minor Product Design, Strate School of Design, Paris (FR)
2013-2016	BSc Industrial Design Engineering, Technical University Delft (NL) Honours Programme Bachelor
2007-2013	Gymnasium, Graaf Huyn College, Geleen (NL) Cum Laude, GPA 8.0/10 (2013)

## Interests

<b>Politics</b> In 2016 I joined a political party and workgroup to keep in touch with all aspects and layers of society. Currently I work as a Committee member at my home town municipality.
<b>Tennis</b> Tennis combines both technical and mental aspects. it helps to escape from reality and to remain focused during work.
<b>Music</b> Making music is my way to relax. I play both the piano and the drums. A combination of rhythm and melody.
<b>Nature</b> I've always had a fascination for nature. My designs are often inspired by them. To take care for our local nature, I maintain a public fruit meadow which we are planning to turn into a food forest.
